Note 1: Civilian labor force data are by place of residence; include self-employed individuals, unpaid family workers, household domestic workers, & workers on strike.

Note 2: Industry employment is by place of work; excludes self-employed individuals, unpaid family workers, household domestic workers, & workers on strike.

These data are produced by the Labor Market Information Division of the California State Employment Development Department (EDD). Questions should be directed to: Information Desk-916/262-2162

These data, as well as other labor market data, are available via the Internet at <http://www.labormarketinfo.edd.ca.gov/>. If you need assistance, please call (916) 262-2162.

Editor's Note: In February 2003, the Employment Development Department began releasing official estimates of employment by industry using the new North American Industry Classification System (NAICS) rather than the Standard Industry Classification (SIC) system. As a result, some industry titles will be different than those published in past months. In addition, we have adjusted the employment estimates to include updates resulting from our annual benchmark of employment data. As a result, some of the industry titles and numbers may have undergone significant change. Please contact the number listed above if you have any questions.
